Guidelines

- If you leave the park, and plan to return the same day, please get a hand stamp for re-entry. Hand stamps from other parks will be honored provided that you have the correct stamp and color of the day!
- NO PETS, FOOD, BEVERAGES, or ICE CHESTS/COOLERS may be brought into the park.
- NO Gate refunds or rain checks for inclement weather.
- NO Overnight Recreation Vehicle parking is allowed.
- Alcoholic beverages are NOT permitted to be consumed in the parking lot area at any time.

No outside food or drinks may be brought into the park with the exception of the manager of each team may bring in one 5 gallon water cooler (barrel style) for a game. This cooler can only contain ice and water and must remain in the dugout. The baseball teams will be responsible for the water and ice in their cooler ... the park will not be selling ice or water for team water coolers. **This cooler policy is for teams only.** The park reserves the right to inspect a team cooler at anytime. Also ... individual players can bring in a 1 gallon bottle of water in lieu of the team water cooler. I'd advise to freeze the water bottle. Park has refrigerated water fountains and swamp coolers in each of the 12 field dugouts. Water fountains are also located near the concession areas. No ice chests are allowed.

This park is a private facility that offers many amenities. Concessions will be available from three locations including a 2nd story sports grill. Hot Breakfast items are available in the mornings at the park along with many new items.

Victory Lane Sports Park is privately owned. No government agencies are involved in the park operations. As a private facility, some policies and procedures will be different than at public locations. The policies enforced at this business enable us to offer a sports experience that is unmatched anywhere!

Without strictly enforcing these policies, this park & experience would not exist.
